2021 CABERNET SAUVIGNON NAPA VALLEY | OAKVILLE

Inviting and electric in its youth we believe the 2021 will be an exciting wine to watch as it evolves. In our fourteen years of working with this much coveted site, it stands amongst the finest of vintages. Ripe plum skin, hard holiday candy, nuanced pipe tobacco- and road tar- at bottling it is equally savory and black fruit dominant. Medium in body and gorgeously fresh and succulent gently wrapped in sweet refined tannins. Incredible length and elegance. Grab magnums while you can. CCOF – California Certified Organic Farming

2021 Growing Season | The growing season commenced with dry spring conditions and large summer diurnals which characterized the entire season | Optimal summer temperatures slightly above average in the afternoon but moderated by cool mornings | Overall a stellar vintage with shy yields and gorgeous structure | Harvested on September 18th by hand.

The 2021 Cabernet Sauvignon Oakville Ranch is silky, polished and remarkably elegant. Crushed flowers, spice, lavender and a touch of mocha all grace this exquisite, nuanced Cabernet Sauvignon. All the elements are so well balanced. Silky tannins and perfumed floral notes wrap it all together.

Antonio Galloni | Vinous | December 2023 | 97 PTS

Blackcurrants, ripe tobacco, cedary herbs, violets, and hints of black olives all emerge on the nose, and this beauty is medium to full-bodied, with a pure, layered, elegant mouthfeel, beautiful tannins, and a great finish. It's a classic Oakville Cabernet Sauvignon that can be drunk any time over the coming 15-20 years. I love it even today.

Jeb Dunnuck | December 2023 | 97 PTS
